

Parent/carer and young person COVID-19 Related Procedures NYA Readiness Level GREEN

We're following current COVID-19 related government and National Youth Agency (NYA) advice in respect of how we run our activities, and would ask that you support us in the guidelines we have in place.

Before the day:

Young people should not attend if they;

- have any of the main COVID-19 symptoms
www.nhs.uk/conditions/coronavirus-covid-19/symptoms
- have tested positive for COVID-19 within the past 5 days
- live with someone who has tested positive within the past 5 days

On the day:

- Please arrive on time and head towards a member of YAT staff who will direct each young person where to go.
- If young people are travelling on a coach they may wish to wear a face mask for the duration of the journey to reduce the risk of transmission.
- Young people will be asked to wash hands / use hand sanitiser at regular intervals throughout the day.
- If a young person needs to cough or sneeze, we ask that they cover their mouth and nose with a tissue or use their elbow. Tissues need to be placed in the bin straight away and that young person will need to wash their hands.
- A face covering won't be compulsory to wear during the activities, but young people are welcome to bring one along and wear it whenever they wish.

NB If the government or NYA update national guidance and policy we'll act promptly and adjust our guidance to reflect the updated changes. You will be notified by a YAT Programme Manager if we have to make any changes before your young person's day with us.

Thanks for your help in making sure things run smoothly and safely for everyone.
